## Earth Day Activities at the Future of Flight

On Earth Day, April 22, Boeing's bio-diesel jet hydroplane will be on display at the Future of Flight and Pilot Chip Hanauer will be available for autographs. There will also be demonstrations of the Tesla electric sports car on the "outside gallery," the Kilo One ramp. Also, students from Marysville Technical High School will display their "what-to-do-when-the-oil-runs-out" projects.

## 2010 March For Hunger Food Drive Results:

During March, over 1,100 pounds of food and \$1,280 were donated to Volunteers of America, by the Airport, Airport Tenants and Friends, Medical Examiner and Department of Emergency Management. Thanks to all that supported this event! Special thanks to Nona Anderson and Jan O'Neill for spearheading the Airport's Silent Auction that netted \$867 and to RH2 Engineering for their annual support. Additional thanks to Airport Tenants: Aviation Technical Services; Korry Electronics; Goodrich Landing; Northway Aviation; US Healthworks; Barb Kajiya and Donald Ehr. We've done a great job supporting our local community!

## Firefighter Stairclimb

Paine Field was well represented at the 19th Annual Scott Firefighters Stairclimb at the Columbia Center. Chief Jeff Bohnet, Firefighter Tony Mace and Bryan Johnson from the Ops Dept (he is also a Firefighter in Stanwood) competed in this timed race to the top of the Center in full combat gear and self contained breathing apparatus. The grueling event requires months of training and the competition is fierce. There are 69 flights of stairs in the building. All three of these guys posted times that were their personal bests. Chief Bohnet had the pleasure of competing with his daughter, Nicole, who is a Firefighter in Spokane. The Stairclimb supports the Leukemia and Lymphoma Society and our participants all had fundraising sites.

**Congratulations!!**
